# Forward. Together. >

Northern Ontario is moving forward. Together we're creating jobs, building new hospitals, training more doctors, expanding broadband high-speed internet and providing our youngest with the best possible start. But there is more to do.

## Next steps to keeping Northern Ontario on track:

- ✓ **SUPPORTING NORTHERN JOBS** by increasing the Northern Ontario Heritage Fund, making it permanent and increasing the number of jobs it supports
- ✓ **OPENING NEW MINES**, at least 8 in the next 10 years
- ✓ **BETTER HEALTH CARE** with a senior's healthy home renovation tax credit and a simplified Northern Health Travel Grant
- ✓ **REDUCING ELECTRICITY BILLS** by 10 per cent with the Ontario Clean Energy Benefit.
- ✓ **KEEPING THE NORTH MOVING** by improving Northern road, rail, and air links
- ✓ **INVESTING IN NORTHERN BRAINPOWER** with a new law school at Lakehead and an architecture school at Laurentian
