Forward. Together. >

Rural Ontario is moving forward. Together we're creating more jobs, expanding rural health care, supporting our family farms and providing our youngest with the best possible start. But there is more to do.

Next steps to keeping rural Ontario on track:

- ✓ **A MADE-IN-ONTARIO RISK MANAGEMENT PLAN** and continued strong support for supply management
- ✓ **STRENGTHENING RURAL INFRASTRUCTURE** with a new, permanent fund for municipal roads and bridges
- ✓ **10% OFF THE COST OF ELECTRICITY BILLS** from the new Clean Energy Benefit
- ✓ **INCREASING SUPPORT FOR THE AGRI-FOOD BUSINESSES** that has created and kept more than 15,000 jobs and generated nearly \$500 million in economic activity across the province
- ✓ **CREATING A NEW SPECIALIST HIGH SKILLS MAJOR IN FOOD PROCESSING** in all Ontario schools, helping build skills in food and agriculture
- ✓ **A STRONGER VOICE FOR RURAL ONTARIO** by reducing red tape and bringing a one-window government approach to rural issues
